

**MIAMI COUNTY DENTAL CLINIC
CONSENT FOR TREATMENT BY A STUDENT**

The Miami County Dental Clinic is now participating in the training of dental students. These students are well advanced in their training with some having already completed their clinical requirements for graduation.

The licensed staff at Miami County Dental Clinic serve as clinical instructors and will be supervising the student and your case in order to assure the best possible treatment. This interchange provides valuable feedback for the student, staff members and yourself as the patient. Students may be asked to observe examinations and /or procedures that instructors believe will contribute to their knowledge. Should you wish to ask any questions, please feel free to do so at any time.

We thank you in advance for participating in the program and enabling us to provide this valuable educational experience. Because of your cooperation, the residents of Ohio can expect excellent oral health care.

I have read, understand, and give my consent to be treated by a student while at Miami County Dental Clinic.
